Programming: HTML, CSS, JavaScript, PHP, MySQL, XML, VB, C++, Java.

Operating Systems: Windows, Mac, Unix, Linux.

Other: Experience in computer repair and networking.

EXPERIENCE

Web Designer/Developer, Keepitscottie.com (2008-2009)

Implemented a completely table less, single page layout. Showcases the work I have done over the past seven years.

- Used HTML/CSS/JavaScript/JQuery, Dreamweaver, Photoshop.

Web Developer/Designer, Shoplaurenrenee.com, Scarsdale, NY (April 2008)

Created an ecommerce site the client could use to sell dresses she made. She also wanted an easy system she could use herself to add dresses when I was done with the project. Saw an increase in sales in the first month of site launch.

- Used Zencart open-source ecommerce software to create site.
- Setup so customers can use PayPal to checkout and pay.

Web Developer/Designer, Cook.Eat.Drink.Live, New York, NY (Spring 2008)

Converted website from a Flash design that lagged, to a clean, updated version using HTML, CSS, and JavaScript. Used LightBox for a photo slideshow. Event had guests from Bravo TV's, Top Chef.

- Utilized Dreamweaver and Photoshop.

Web Developer/Designer, Yonkers Tennis Center, Yonkers, NY (June 2002 – December 2008)

Created and maintained website from 2002-2008. Pushed my creativity with each design while delivering what the company wanted. Company saw an increase in traffic and class placement with the final design of the site.

- Used Flash to create a Virtual Tour of building, grounds, and courts.

Team Leader, United Hebrew Geriatric Center (UHGC), New Rochelle, NY (May 2007)

Led a project to extend a computer network to a part of the building without internet access. Used several switches and routers to get the project complete. Cloned each computer to get an exact copy of the ones already in use in other parts of the building.

- Taught seniors how to use e-mail, internet, IM, and Microsoft Word.

Assistant News Editor/Staff Writer, Viking News, Westchester Community College, Valhalla, NY (January 2006-May 2006)

In charge of several other staff writers. Handed out stories that needed to be written for each bi-weekly newspaper. Overcame being short staffed for many issues often times writing 4-5 articles for each paper myself.

- Using InDesign, I was also in charge of designing the layout of the Technology section.

EDUCATION

Multimedia Computing – Bachelor of Science (May 2010)

CUNY Brooklyn College, Brooklyn, NY

Liberal Arts - Humanities Associates Degree (December 2006)

SUNY Westchester Community College, Valhalla, NY

Honors Program GPA: 3.28

ACHIEVEMENTS

Worked full-time three summers ago and went to school, earned a 3.8 GPA for the summer, Scholar Athlete (Tennis).
